Buying a property is to most people the largest financial commitment that they will make in their lifetime and this is a good time to make or amend your Will. Making a Will affords clients an opportunity to plan and provide for their family after their death. Indeed, moving house may be the ideal opportunity to review your personal circumstances. There are often considerable tax advantages to be gained from a carefully drafted Will where tax efficiency can be balanced with personal preferences.

Motley & Hope are not only able to offer advice and guidance on buying and selling your house, they also specialise in the areas of Commercial Conveyancing, Matrimonial, Divorce and Financial Settlement, Family Mediation, Child Care, Wills, Probate and Powers of Attorney and Employment Law.

They have always thought of their clients as their most valuable asset and considered their priority to be offering these clients the highest possible levels of service. They are proud to boast that their clients return to them time and time again which must confirm they have done a good job. If you are buying or selling a property, or have any other legal needs, Motley & Hope are at your service.
